

MUDDHACKS

FALL 2016

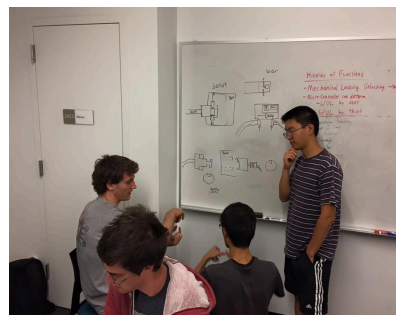

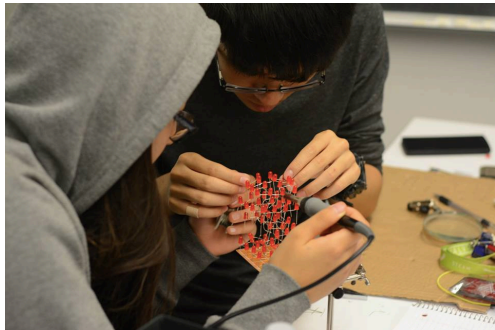

October 21st – October 22nd

<http://muddhacks.com/>

The MuddHacks team is excited to organize the third annual MuddHacks this October! MuddHacks is the Claremont Colleges' hardware hackathon held on the Harvey Mudd campus.

MuddHacks 2016 is planned to be on **October 21st – October 22nd**. We are planning to bring together **over 170** passionate engineers, computer scientists and problem solvers from across the **five Claremont Colleges** for an intensive **12-hour** long hackathon.

Last year, we had **140+ students** participating in **40+ teams**. Mudd is a college with just over 800 students, so over 140 students represents almost 20% of the school! We saw a lot of amazing projects last year! They ranged from a physical Turing machine to an intelligent bike lock.

Sponsoring MuddHacks is a great way to raise your company's profile on our campus as well as an opportunity for recruitment. We offer three sponsorship tiers, outlined below.

Bits \$768	Bytes \$1024	Megabytes \$2048
Distribute Promotional Material	Everything in Bits +	Everything in Bytes +
Logo on Website	Access to Resume Database of Participants	5 min Kickoff Talk
Send someone from your company to help, recruit and chill!	Company logo on mugs and tees	Logo on Poster and Banner
	Spot on the MuddHacks Judging Team	Workshop during Hack Week (Week Prior to Hackathon)

Want to learn more about MuddHacks or how to get involved? We're more than happy to work with you individually to work out a sponsorship package that works for you! Email us at chho@g.hmc.edu!
